WORK EXPERIENCE

Web Designer | Darazkhel Construction Company Oct 2025- Mar 2026

- Designed and developed a professional website for a construction company from initial concept to final deployment.
- Created responsive UI/UX designs optimized for desktop, tablet, and mobile devices.
- Developed website components and pages using modern web development practices and AI-assisted coding tools such as Cursor.
- Collaborated with company representatives to incorporate feedback and deliver solutions aligned with business goals.

Intern | Directorate of Electronic Media and Publications Sep 2024- Oct 2024

- Worked in the Data Analysis Department, focusing on media content processing, transcription, and documentation.
- Converted podcasts, interviews, and talk shows into structured written formats for record-keeping and analysis purposes.

TECHNICAL SKILLS

- **Frontend Development:** HTML5, CSS3, JavaScript, TypeScript, React.js, Next.js
- **Styling & UI:** Tailwind CSS, Bootstrap, Responsive Web Design, UI Component Design
- **Authentication & Security:** Clerk, User Authentication, Authorization
- **Development Tools:** Git, GitHub, VS Code, Cursor
- **Additional Skills:** Third-Party API Integration, AI Integration, Debugging, Cross-Browser Compatibility

PROJECTS

- **Website for Vertex Connect Telemarketing Company**
  Designed and developed a professional website for Vertex Connect, a telemarketing and business outsourcing company. Implemented a clear navigation structure and professional layout to strengthen the company's online presence and attract potential clients.
  Website URL: Vertex Connect | Talk. Connect. Grow.
- **Website for Darazkhel Construction Company**
  Designed and developed a professional, responsive website for a construction company to showcase services, projects, and company information. Focused on clean UI/UX design, mobile responsiveness, and user-friendly navigation.
  Website URL: dcc.org.pk
- **Flamlingo (Pashto Language Learning Platform) – Final Year Project**
  Designed and developed a full-stack language learning platform aimed at teaching the Pashto language. The platform includes structured lessons, AI integration, API usages, and a user-friendly interface to support digital learning.
